

BATTLE RAGING AT THABANCHU

Gen. Hamilton in a Flank Movement Has Reached Hout Nek.

THREE KOPJES TAKEN

Artillery Aids Gen. Henry in a Charge and Boers Are Forced to Retreat.

TO SWEEP THE WHOLE FRONT

Thabanchu, May 2.—[Special Cablegram.]—The Boers keep firing with three guns which are beyond the range of our artillery. No attempt is being made at a frontal attack. Hamilton, after fighting all day on the flank, drove back the Boers and reached Hout Nek, commanding the Thabanchu and Bloemfontein road simultaneously. Tucker attacked three Kopjes east of Karoo siding, and Henry's mounted infantry advancing on the left in the face of heavy fire. The artillery opened at a critical moment and the Boers retired. Gen. French's Large Force

London, May 2.—The dispatches of Lord Roberts dated Monday and Tuesday last show that the Boer rear guard, stubbornly resisting his advance, forced the British on Saturday and Sunday to act chiefly on the defensive.

General French, who is directing the opposition, has at least 15,000 men. Some estimates give him 30,000. The Boers are estimated to be at least 6,000 strong, and possibly 10,000.

Pretoria Well Supplied

According to a dispatch from Pretoria dated April 28, they were expecting to give battle, and have numerous artillery. So long as the Boers engage the attention of half of Lord Roberts' force at Thabanchu, his advance toward Pretoria will be delayed. No one here, however, considers that Gen. Botha will be able to stand longer than a few days. The feeling is that he must be beaten off by the masses of Lord Roberts.

To Sweep the Whole Front

The Bloemfontein correspondent of The Times, telegraphing Monday, says: "The fighting at Thabanchu is of a desultory nature. The whole front is now to be swept by mounted troops, preparatory to a definite forward movement, for which the forces may now be termed organized."

Sympathy for Boers.

Washington, May 2.—[Special Telegram.]—Senator Teller introduced a resolution in the senate this morning expressing sympathy with the Boers and offering the friendly assistance of intervention. It was laid over until tomorrow.

Matefeking All Right April 30.

London, May 3.—[Special Cablegram.]—Gen. Roberts reports that Badoe-Powell sends word that all was well at Matefeking April 30. The year office announces additional casualties at Thabanchu April 28th; nine wounded and ten missing.

Ordered to Leave Transvaal.

Pretoria, May 2.—[Special Cablegram.]—President Kruger has issued a proclamation ordering all British subjects to leave the country in 36 hours. This is due to the shell factory explosion.

Every Resident Must Fight.

Cape Town, May 1.—State Secretary Reitz told a recent visitor to the Transvaal that every English man, woman and child would be cleared out of that country. He also said that every American, German and other foreigner would have to go unless prepared to shoulder a Mauser rifle and fight with the Boers.

RAILROAD MEN STRIKE

Five Thousand of Them Out on the New York Central at Buffalo—Crisis at Hand.

Buffalo, N. Y., May 2.—[Special Telegram.]—Five thousand railroad men are on a strike in this city. Supt. Wait of the New York Central arrived this morning and went into conference with the strikers' committee. It is believed the crisis is at hand.

State Golf Tournament.

Milwaukee, May 8.—It has been suggested that the Milwaukee Country club hold a golf tournament this summer, to be confined to players in the state of Wisconsin. This would no doubt be very popular. There are many golf clubs throughout the state and players would enter from Racine, Kenosha, Madison, Oshkosh, Janesville, Appleton, Oconomowoc, Wausau and other towns where there are golf links.

GOMPERS DEFIES THE COURTS

Advices That Striking Cigarmakers Ignore Injunction.

New York, May 2.—Samuel Gompers, president of the American Federation of Labor, has taken special pains to violate the injunction issued by Justice Freedman of the supreme court prohibiting officers and members of the Cigarmakers' International union from paying benefits to striking employees of S. Levy & Co. In a letter to Morris Brown, secretary of Cigarmakers' union, No. 444, Mr. Gompers advises that the injunction be absolutely disregarded, and incloses a check for \$5 to be used in paying a man to picket Levy & Co.'s shop and to induce Levy & Co.'s employees to remain on strike.

Escape from Waukegan Jail.

Waukegan, Ill., May 2.—Two tramp prisoners recently sentenced to six months' imprisonment in the county jail for assaulting C. & E. I. trainmen escaped from the Waukegan county jail last night by picking the locks and removing enough brick from the wall to permit escape.

The removal of Dunlap, the bank burglar, to Peoria only a few days ago was timely. Had he been confined here he would doubtless have been among those who escaped.

BOTH THURSTON AND ROSEWATER

Nebraska Republicans Met at Lincoln Today—Dietrich Is Nominated For Governor.

Lincoln, May 1.—[Special Telegram.]—The republican state convention met this afternoon. The delegates to Philadelphia elected are Thurston, McClay, Erhardt and Rosewater. G. H. Dietrich, Hastings, was given the gubernatorial nomination.

Virginia Endorses Bryan.

Norfolk, Va., May 2.—[Special Telegram.]—The democratic state convention met today. Senators Daniel, Martin, Gov. Tyler and state chairman Flynn are the delegates-at-large. Bryan was endorsed.

SULLEN SILENCE OF THE SULTAN

The Situation Is Regarded As Becoming Very Serious—Naval Experts Are At Work.

Washington, May 2.—[Special Telegram.]—The Turkish government continues to maintain a sullen silence about settling the United States claim. As days go by and no answer is received the situation is regarded as becoming more serious. It is known that naval experts have been at work preparing a statement of the naval strength of Ottoman Empire. What this means is a matter of conjecture.

CANAL BILL WILL PASS THE HOUSE

Vote on it to be Taken Late This Afternoon—President May be Asked to Fix Route.

Washington, May 2.—[Special Telegram.]—The Isthmian canal bill will be passed by the house this afternoon by a considerable majority. No time is fixed for the vote but it is expected that Hepburn will demand the previous question about five o'clock. It is possible the bill may be amended, perhaps so as to leave the proposed route to the determination of the president.

SECRETARY LONG ROASTS CHADWICK

Sharp Reprimand to the Captain For Speaking Disrespectfully About Admiral Schley.

Washington, May 2.—[Special Telegram.]—Secretary Long's letter to Capt. Chadwick reprimanding him for using disrespectful language in speaking of Admiral Schley has been made public. The secretary says: "The language used was entirely unwarranted and was something an officer should not be guilty of towards his superior."

Methu's Blame McKinley.

New York, May 2.—The Methodist preachers' meeting at its weekly session yesterday, discussed temperance. Rev. Dr. T. L. Poulson bitterly assailed the president as one who had been known as a consistent Christian, but who, he said, had not turned his hand over to prevent the increase of saloons in Manila from 50 to 500. He also censured the president for not enforcing the law against the canteen.

Wildcat Vanquishes a Dog.

Logan, W. Va., May 2.—More than 500 persons witnessed a fight here between a wildcat and a bulldog. Several hundred dollars were bet on the mill. The dog was killed at the end of thirty minutes, and the cat was unharmed. The fight occurred in a wire cage fifteen feet square.

METHODISTS OPEN THEIR CONFERENCE

MONTH'S SESSION BEGINS AT AUDITORIUM IN CHICAGO.

Bishop Stephen Merrill Presides—Layman Making an Energetic Contest for an Equal Vote—Important Questions of Church Policy Will be Decided at This Meeting.

Chicago, Ill., May 2.—The twenty-ninth conference of the Methodist Episcopal church, the twenty-third of the delegate congresses, began a month's session in the auditorium at 9 o'clock this morning. Bishop Thomas Rowman, senior of the church's officers, opened the conference with prayer; Bishop Stephen Merrill, ranking officer in active service, took the chair when the business of the conference began. Rev. David Monroe was re-elected secretary.

Grave questions confront the conference. The laymen demand an equal voice in the government of the church, in the framing of its ordinance and the selection of men who will administer them.

Equal Lay Representation.

The first debate will be on the granting to laymen of vote for vote with the clergy. The rules must be suspended to consider the question and the constitution of the church amended to seat the provisional delegates. The laymen are prepared to fight long and hard before they abandon their demand for the admission of 141 provisional delegates, who are needed to balance the ministerial strength of the conference.

If the laymen gain an equal voice in the conference they will ask for an equal representation on the fourteen standing committees which do the actual work of the congress. A resolution to double the size of the standing committees now numbering 125—and put one layman on every minister will be introduced in one of the early sessions.

Other Things to be Considered.

In addition to the question of admitting the laity to equal voice in the church government, the conference will consider the abolition of the ban on dancing, card-playing, and theatre-going, the consecration of bishops now in service, the dropping of the time limit on pastors, and the referring of the election of conference editors, secretaries and book agents to the committees which govern the different societies. Since the conference of 1844 when the southern delegates withdrew to form the Methodist church south, delegates say, this conference will be the most important.

There will be a general morning session of the entire conference every day except Sundays. The fourteen standing committees whose functions are analogous to congressional committees meet three times a week, seven each day and report to the general session the resolutions worthy of consideration.

Duty on a Mouse.

Uncle Sam is a stern stickler for form, and the amount of red tape employed in the custom house is really remarkable. It was demonstrated the other day that not even a tiny mouse can creep into our domains from foreign shores without paying duty, says the Philadelphia Record. A gentleman returning from Europe brought with him a pet white mouse, of which he had grown very fond. His "mouse-lets" was assessed at 20 per cent which so enraged its owner that he vigorously protested. The case was appealed, and the board of classification of the board of general appraisers, after mature deliberation in solemn conclave, handed down a decision in which the protest was overruled.

Wonders of the Locomotive.

The story of the locomotive sounds simple in the recital. The wonder of the thing comes into view only when one reflects on the speed and nicety with which lumbering parts are made to do their duty. The piston and connecting bar of a modern locomotive weigh some 600 pounds. When the speed is sixty miles an hour these parts travel back and forth five times a second. Ten times a second, at the end of every stroke, the piston head is at rest. It must pass from this condition to a velocity of 1800 feet per minute in one-twentieth of a second. The drive-wheels measure more than a rod at every revolution, but when going sixty miles an hour they must turn more than 300 times a minute.—Ainslee's Magazine.

Military Balloon Photographs.

Military ballooning is, of course, in its infancy, and the present Boer war is practically the first opportunity of testing its efficacy. Each balloon is furnished with nearly a dozen cameras in order to obtain panoramic views of the country, which are of great value to the invading army.

Smoke Shells Suggested.

The great loss of life incurred by the English troops is mainly attributable to the charges they have had to make across open spaces in order to dislodge the enemy from the sheltering kopje. In order to minimize the death toll it has been suggested that just before a charge takes place smoke shells should be fired, which would temporarily hide the English soldiers.

LETTERS ARE SAID TO BE GENUINE

CORRESPONDENCE BETWEEN CHRIST AND ABGARUS V.

Authenticity Established by Writing Discovered in Palace at Ephesus—Abgarus and Agrippa Asserted to be Identical, So the Long Contested Letters Are Indisputable.

London, May 2.—The Express this morning produces a fac-simile and original translation of the correspondence between Jesus Christ and King Agrippa, said to have been verified by a recently discovered inscription on the gateway of an old palace at Ephesus. The finding of the inscription was first announced to the members of the archaeological congress in Rome by Professor Bohermann of the Vienna University, and since then it has been submitted to Professor Murray of the British Museum, who pronounces the inscription genuine and of the highest importance, since it establishes the authenticity of the correspondence alleged to have passed between Abgarus V and our Lord.

Clears Up Old Controversy.

The letters in Syro-Chaldaic characters to which the inscription refers were originally discovered beneath a stone at a spot about eighty-four miles from the city Iconium A. D. 97. The authenticity of these letters was doubted by Pope Gelasius and during the Pontificate of Leo III. were declared to be spurious. Abgarus is identical with King Agrippa, and tradition affirms that Christ sent St. Philip to heal the sick king.

Letter Sent to Christ.

The letter from Abgarus runs as follows:

"I have heard of thee and the cures wrought by thee without herbs or medicines. For it is reported that thou restorest sight to the blind and make the lame to walk; cleansest the leper; raisest the dead; castest out devils and unclean spirits and healest those that are tormented of disease of long continuance. Hearing all this of thee I was fully persuaded that thou art the very God come down from heaven to do such miracles, or that thou art the son of God and performest them."

"Wherefore, I have sent thee a few lines entreating thee to come hither and cure my disease."

"Besides, hearing that the Jews murmur against thee and continue to do thee mischief, I invite thee to my city which is but a little one, but it is beautiful and sufficient to entertain us both."

Reply of Christ to the King.

Christ's reply is thus translated:

"Blessed art thou for believing me, whom thou hast not seen, for it is written of me that they that have seen me shall not believe, and they that have not seen me shall believe and be saved."

"But concerning the matter thou hast written about, this is to acquaint you that all things for which I was sent hither must be fulfilled. And then I shall be taken up and return to him that sent me. But after my ascension I will send one of my disciples that shall cure thee of thy distemper and give life to all them that are with thee."

TUBERCULOSIS IN WISCONSIN

State Veterinarian Thinks 5 Per Cent of Cattle Are Afflicted

Madison, Wis., May 2.—H. P. Clute, state veterinarian, said today that he believed about 5 per cent of the cattle of Wisconsin had tuberculosis. He is now gathering data from which he expects to be able to tell exactly what percentage of Wisconsin cattle are affected with this incurable disease. This data, together with his conclusions will be incorporated in his forthcoming report which will be published in August.

THREE TOWNS BURNED

Forest Fires Are Doing Great Damage in Northern Michigan—Flames Are Spreading.

Menominee, Mich., May 1.—The cedar towns of Arnold, Gardner and Swanson, on the line of the Wisconsin & Michigan road, north of Fisher, have been added to the list of those destroyed by forest fires.

Large stocks of cedar products belonging to the O. H. Worcester company, Perizzo & Sons and Joseph Turcott, were swept away near Ames on the same line.

The Ludington, Wells & Van Schaick company's camps were destroyed. The estimated loss at these places is \$50,000. The flames are spreading northward, and unless rain falls soon the damage to property will be greatly increased.

Fires are also spreading along the Chicago & Northwestern line near Carbondale, and much anxiety is expressed for several other towns.

A telephone message from Ingalls this morning states that several farm houses and barns near that place have been destroyed.

A special train was run from Fisher yesterday. The cars were blistered by the intense heat.

Traffic north and west of Fisher is suspended, and telegraph poles are down.

The town was saved yesterday by digging ditches to the windward of the fire and by setting back fires.

The fires extend from Fisher, north and west for twenty miles.

No trains have reached Faithorn this week.

DEMOCRATS CARRY ST. PAUL

Republicans Concede Election of Robert A. Smith for Mayor.

St. Paul, Minn., May 2.—The municipal election here yesterday seems to have been a democratic landslide as compared with two years ago, when the republicans carried everything. The republicans concede the election of Robert A. Smith, democrat, for mayor by at least 1,000, while the democrats claim that his plurality will reach 3,000 or 4,000. The democrats also probably elected controller and treasurer and seven of the eleven aldermen.

North Carolina Republicans.

Raleigh, N. C., May 2.—[Special Telegram.]—The republican state convention met this morning. W. P. Bynum, Jr., is the gubernatorial nominee. They endorse McKinley and denounce the constitutional amendment to disfranchise ignorant negroes.

Anthracite Coal Drops in Price

The price of anthracite coal dropped yesterday in Milwaukee from \$7.25 for chestnut and \$7 for the other sizes to \$6.50 for all sizes. This is the regular spring reduction, but it is larger than usual, owing to the light demand, and the abundant supply in the hands of the miners.

MAY NAME CLEVELAND

Advisability of Renominating Him Will Be Canvassed at a Meeting to Be Held in New York.

New York, May 2.—"An important conference of ex-President Cleveland's friends, it was stated today," says the Brooklyn Eagle, "will be held in a very short time, probably in Manhattan."

"The object of the meeting is to canvass the whole democratic situation, and, if it is deemed advisable, to make a formal announcement by Mr. Cleveland's friends of their purposes to the country with reference to a renomination of Mr. Cleveland."

"It could not be learned whether there had been any communication with the ex-President."

DEWEY VIEWS THE DRAINAGE CANAL

Party of Sixty With the Admiral Carried to Lockport in Small Steamers.

Chicago, May 2.—[Special Telegram.]—Admiral Dewey this morning went down the drainage canal with a party of sixty guests. They boarded a special train to McCook where a fleet of small steamers carried them to Lockport. The return was made in the afternoon lunch being served enroute.

FOUND A LARGE PEARL

Winn Allen Picks Up a Gem Said to be Valued at Several Thousand Dollars.

Prairie du Chein, Wis., May 2.—Winn Allen, a clam digger, found a remarkable pearl at Lynxville yesterday, the third largest pearl found there the past year. It is a double saucer shape, perfect luster and measures over three quarters of an inch in diameter and over one-half inch thick. It is the largest on record found in this country, weighing 110 grains and is said to be valued at several thousand dollars.

NO OTHER CANDIDATE

Deadlock in the Eighth District is unchanged—Delegates Are Still All at Sea.

Appleton, Wis., May 2.—Most of the delegates to the Eighth Congressional district convention arrived in the city this morning. Those who are here seem to be as much at sea as ever on the final outcome of the triangular fight for the congressional nomination. There was some talk about a secret ballot being the order when the convention meets at 3 o'clock this afternoon, but there will have to be a caucus and an agreement reached before that can be done. The general impression among the few delegates who have arrived is that there will be no dark horse drawn in and that one of the three men who have been before the convention so long will be nominated.

NETHERSOLE WANTS \$50,000 DAMAGES

Sues a Washington Preacher For That Amount For Alleged Defamation of Character.

New York, May 2.—[Special Telegram.]—Olga Nethersole has begun suit against Rev. Dr. Easton of Washington for fifty thousand dollars for defamation of character. Easton in a sermon denounced "Sapho" and referred to her in uncomplimentary terms.

Trials Called Next Monday.

Frankfort, Ky., May 2.—[Special Telegram.]—Judge Cantrill this morning selected Scott county for the trial of the five defendants in the Goebel assassination case, who cases were venued. The trials will be called next Monday.

MANY LIVES LOST IN MINE DISASTER

Over 200 Persons Killed in a Terrible Mine Accident in Utah.

MINE TUNNEL WRECKED

Early This Morning 137 Bodies Had Been Recovered—75 Are Still Missing.

DISASTER INVOLVES 250 MEN

Salt Lake City, Utah, May 2.—More than 200 men were killed and more than a score of others will be crippled for life as the result of an explosion in Tunnel No. 4 of the Pleasant Valley coal mines, located at Winter Quarters, 100 miles south of Salt Lake City yesterday morning.

The little town of Scofield, half a mile from the scene of the accident, is turned into a morgue. The people are paralyzed with horror, for not a family in the village escaped without the loss of a near relative or a close friend.

Of 250 men who went to work on the 3 o'clock shift less than thirty are known to have escaped.

Two Hundred Coffins Ordered.

Ninety bodies have already been taken from the wreckage. Two hundred coffins have been ordered through local undertakers to be sent at once to the scene of the disaster. A special train bearing the seriously wounded has started from Scofield for Salt Lake.

So overcome are the people by the scope of the calamity that they seem to be in a trance. No one is able to give an intelligible story as to the extent of the disaster.

Probable Cause of the Disaster.

The explosion is believed to have been caused by gas and dust. It is thought that some member of a surveying party which was at work in the mine carried an "open" or unguarded lamp. The first thing the workers on the outside knew was when, at 10:15, the entire top of the mountain over the tunnel seemed to lift. Great masses of stone and tall trees were buried hundreds of feet in the air and fell in every direction, some of them half a mile from the mines.

For twenty miles debris fell, then deathly stillness. While it was known at once that an awful catastrophe had occurred, the extent of the disaster was not at first appreciated.

The Work of Rescue.

Help was telegraphed for in every direction and responses were prompt. Within an hour after the explosion a hundred men were swarming into the wreckage. The fight was against fearful odds, for the blast had let loose volumes of gas, which choked the rescuers and frequently compelled them to desert from their efforts. Gradually, however, the air cleared away and the mournful task became easier.

At 7 o'clock this morning 137 bodies had been taken out and a number more were within easy access. It will be several hours before a list of the dead can be obtained.

The bodies are identified by a tag with name and address attached to await being claimed by relatives or friends.

The officials of the coal company at Salt Lake City and the railroad company are doing everything that lies in their power. Most of the men killed in the Scofield mine disaster died as the result of after-damp which followed the explosion. The latter is said to have been caused by a keg of blasting powder which became ignited, and in exploding set off the gas and dust in the mine. John Wilson, who was working near the mouth of tunnel No. 4, was blown 200 feet and his body badly mangled. Surveyor Douglass, who was laying off lines in the tunnel, was found dead at the side of his transit, which had not been turned over.

Found with Throat Slashed.

Chicago, May 2.—James E. Turner, colored, was found by the police in his home, 3508 Armour avenue, with his throat cut almost from ear to ear. He was taken to the Provident hospital, where he died a short time later. His wife, who is a white woman; Henrietta Rollins and John Mack are under arrest and officers are searching for William Smith, also colored, who lived at Turner's home, and who, it is said, cut Turner with a razor. According to the stories of the prisoners, Turner quarreled with his wife, Smith interfered and the cutting was the result.

Buy your vegetables and strawberries at the cash grocery. Open Wednesday evening as usual. D. Drink Bros.

LATE TELEGRAPHIC NEWS.

BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Baneful Boils

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was severely afflicted with boils and carbuncles, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1888 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disfiguring diseases. S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter. S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine. S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order. Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

Dangerous Carbuncles

SSS

TRUSTS ARE MADE AN ISSUE

In a Discussion of the Products of Corporations.

SENATE STANDS BY COMBINES.

Mr. Berry's Amendment to Army Bill Looking to Purchase Supplies from Small Dealers Crushed by a Vote of 29 to 18.

Washington, May 2.—The trusts came up for trial in the senate on an amendment proposed by Senator Berry of Arkansas to the army appropriation bill providing that the department in its purchase of supplies should discriminate against the products of the corporations. Mr. Harris (Kan.) had passed a resolution calling upon the secretary of the interior for information as to the flow of the Arkansas river and as to conserving the waters of that stream for the benefit of Colorado and Kansas.

Mr. Carter asked and obtained unanimous consent that sections 72 and 73 of the Alaska civil code bill and all amendments thereto, including his own amendment, be withdrawn. The passage of the bill followed soon after.

Mr. Proctor called up the army reorganization bill, but at his suggestion it was laid aside, and the senate took up the army appropriation bill, carrying \$114,951,580. Mr. Berry (Ark.) offered the following amendment:

"The quartermaster's department, in making contracts and purchases of articles and supplies for the military service, shall give preference, all other things, including price and quality, being equal, to articles of the growth, production and manufacture of the United States; and, as between the producers, manufacturers, merchants and dealers of the United States preference shall be given all other things, including price and quality, being equal, to those producers, manufacturers, merchants and dealers who are not members of or in any way connected with any trust or combine formed to produce, manufacture or sell the articles which are being contracted for and purchased by the quartermaster's department for military service."

Mr. Sewell (N. J.) inquired what he meant by a trust. What were commonly known as trusts, he said, in many instances, had proved to be public benefactors. He designated the Standard Oil company and the American Sugar Refining company as two combinations of capital which had cheapened their products to the people.

Mr. Pettigrew attacked Mr. Sewell's statement that these companies were benefactors of the people and had cheapened products. He produced figures, which, he maintained, showed that neither of the companies mentioned had cheapened their products, their action at all times being directed toward the crushing out of competition and the increasing of their own profits.

Mr. Stewart maintained that the only remedy for trusts was competition. If a legislative remedy could be found he would favor it. There were combinations of capital which were bad and others that were good.

Mr. Teller—Will the senator tell us what is the difference between bad trusts and good trusts?

"The senate of the United States is a trust," replied Mr. Stewart, "and I believe a good one." (Laughter.) "Some of the trusts," said he, "were monopolies and they were bad. Leave competition untrammelled and the people will rid themselves of all bad trusts. Of course we cannot in any way stop the overproduced industry of howling against trusts simply to win votes to get into office."

Mr. Teller said if a law should be enacted providing that the officers of any trust or combination should be imprisoned for contributing to the fund of any political party a stop would soon be put to an alliance between trusts and politics. He said the subject was a delicate one, as it was desirable that proper corporations should not be made to suffer. The amendment offered by Mr. Berry was defeated, 18 to 29.

Time Not Ripe for the Canal.

Washington, May 2.—For the first time during the fifty years of agitation of the project for the construction of an interoceanic canal the house of representatives has entered upon the consideration of a measure to actually authorize the building of an interoceanic canal. Many times propositions bearing upon the subject have been before the house, but this was the first time positive action can be predicted. A session for debate was held Tuesday night. Wednesday the bill will be voted upon before adjournment.

WONT COERCE THE SULTAN.

Administration Recalls from Trouble at Stamboul.

Washington, May 2.—Naval coercion of Turkey to obtain a settlement of the American missionary claims is not contemplated by the administration. This statement is made upon high authority. Drastic measures against the Turks have been urged by ex-Minister Angell, by politicians on behalf of missionaries and by ministers of the gospel, but the president and Secretary

May have not considered their suggestions.

The administration is well satisfied with the concessions made by the sultan, and while it is anxious that the sultan shall keep his promises to pay the claims it feels that he has already been considerate of this government in permitting the reconstruction of the American mission in Karpuz and in the extension of Roberts college in Constantinople.

It is authoritatively stated that the latest note presented to the porte by Mr. Griscom, the American charge d'affaires, is not an ultimatum, but is merely a repetition of the demand for a settlement.

There is no disposition in the state department to unduly hasten the porte's answer. While an evasive reply is expected, an official said today that the government would calmly await the outcome, believing that it would be satisfactory to Turkey as well as the United States. This official said the president contemplated as a remote possibility the severance of diplomatic relations and the possibility has almost entirely disappeared as a result of the concessions the sultan has already made.

It is likely, from all that can be learned, that the extent of the expression of displeasure by this government at the continued failure of the porte to pay the claims will be the maintenance of a charge d'affaires in Constantinople. Minister Straus is not expected to return, and until the claims are settled it is not proposed that any minister shall be sent to Turkey.

The conclusion of the administration not to adopt the suggestion that this government make a naval demonstration in Turkish waters is undoubtedly due to the knowledge that Europe would resent the entrance of the United States into the Turkish question.

THOUSANDS ON STRIKE.

May Brings Labor Difficulties in Many Places.

Minneapolis, Minn., May 2.—The Woodworkers' union has called a strike here. It affects all the sash and door, bar fixture and showcase factories in the twin cities. The employers refused to unionize the shops. In all 1,100 men are affected.

Duluth, Minn., May 2.—Organized labor is on strike for higher wages and shorter hours. Carpenters want 35 cents an hour, plumbers 50 cents, painters 40 cents and other trades in proportion.

Philadelphia, Pa., May 2.—Secretary Joseph B. Allen of the Allied Building Trades council says 3,000 workmen, representing every branch of the building trades, are on strike to enforce the demands for an eight-hour day and an increase of wages.

Chicago, May 2.—Telegrams show that 1,000 men are out at Kansas City, principally in the building trades; 800 at Savannah, Ga.; 600 railroad laborers at Seymour, Ind.; 600 boilermen and molders at Akron, Ohio; 800 architectural ironworkers at Cincinnati; 1,000 builders at East St. Louis, Ill.

Restores vim, vigor, mental and physical power, fills your body with warming life. That's what Rocky Mountain Tea does. 35c. Smith's Pharmacy.

WANTED—Five hundred pounds clean white rags, 8 cents per pound. Inquire Gazette office.

Launch New Political Party.

Rock Island, Ill., May 2.—The first national assembly of the Christian Political union met here, with W. R. Benkert of Davenport, Iowa, as chairman and Rev. Wallace R. Struble of Chicago secretary. There was a small attendance of delegates. The address of welcome was delivered by Chairman Benkert. During the afternoon there was a discussion of the convention theme, "The principles of Christ; shall we apply them in concrete form to state and national governments through a Christian political union or party?" The decision was to launch a new party. At night a patriotic musical and literary entertainment was held. Candidates for president and vice-president of the United States will be nominated.

WANTED—A Daily Gazette of September 9, 1899, at this office.

STATE FIRST, CHURCH SECOND

Consul Girimondi Says He Will Obey the President and the Pope.

New York, May 2.—A special to the Herald from Washington says that the Rev. Dr. Girimondi, the newly appointed consul to Santos, Brazil, said: "I shall be subject to the pleasure of the president of the United States and to the pope of Rome. Should either desire me to resign I will do so immediately. I shall heed no other authority. In the discharge of my duties the state will come first and the church second. I am a Catholic priest and have never denied it. Dr. Girimondi continued: "My papers on file tell that I am a priest of the Roman Catholic church. In regard to my consulate, I received the appointment as a reward for the hard work I did for the republican cause by teaching Italians the laws of this country. I worked two years for this position and have used all my influence for the Republican party, hence it is only right that I should be rewarded. The entire California delegation knew that I was a Catholic priest, and the secretary of state said he knew no reason why a Catholic priest should not receive such an appointment." In reply to a question as to why his name is not in the Catholic directory, Dr. Girimondi said: "To be a good priest, as I hope I am and as I desire to be, there is no need for my name to be on the roll of priests. If I am not in that roll it is my own business. I have not been disciplined. It is false that I have twice called on Mr. Martineau and been refused an audience. Suppose I had called frequently at the delegation. Every one would have said that the pope of Rome was the sole instrument of making me consul to Santos."

PLANS FOR CUBAN RAILWAYS.

Sir William Van Horne's Project to Open Up the Island.

New York, May 2.—A special to the Tribune from Montreal says: Sir William C. Van Horne has given out some information respecting the syndicate which has been organized to supply Cuba with railways. Sir William is the organizing and controlling spirit of the enterprise, and associated with him are American capitalists, including William C. Whitney, J. W. Mackay, Levi P. Morton, J. J. Hill, H. M. Whitney, H. M. Flagler and others. Lines upon which options have already been secured and which will come into the combination are the Sagua road, which will cost \$3,000,000; the Caibarien road, \$2,000,000; the Savinilla road, \$5,000,000; the Cienfuegos road, \$250,000, and the Jucaro line, which, it is estimated, will cost over \$8,000,000. The Herrera steamship line, doing a coasting trade between ports on the northern shore, will also be acquired at a cost of \$1,500,000. This will give a system all over the island with the important exception that it will not touch Havana. The syndicate has not been able to secure options on the two trunk lines running into the capital. For these two lines \$15,000,000 was asked. The company will build its own line to Havana from Matanzas. Once this line is built all the lines will be extended until the whole island is gridironed.

What is Shiloh?

A grand old remedy for Cough, Colds and Consumption; used through the world for half a century, has cured innumerable cases of incipient consumption and relieved many in advanced stages. If you are not satisfied with the results we will refund your money. Price 25 cents, 50 cents and \$1. Sold by J. P. Baker.

GIRLS for housework are hard to find but our little want ads. are good at picking up all that are to be had.

YOU KNOW IT IS TRUE

That Is If It Is Told You By a Neighbor.

These Statements are By Persons Whom We are Willing to Believe.

If a person you respect tells you something, you believe him. You may not know the person whose statement we publish in this article, but you can easily know him, because we give you his name and address and he lives right here in Wisconsin. That is the way we do, we give you the names of people living in this state who have used Morrow's Kid-ne-olds for backache and kidney troubles, because we want you to consult these people about the good Kid-ne-olds have done them.

Mr. S. B. Woolley, traveling salesman for Continental Tobacco Co., headquarters, Madison, Wis., says: "I was cured of a severe pain in my back by using Morrow's Kid-ne-olds, and will advise all who are suffering as I did to take Kid-ne-olds."

Morrow's Kid-ne-olds are not pills but yellow tablets and sell at fifty cents a box by all druggists and by The People's Drug Co.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

Wisconsin Weather Forecast

Fair tonight and Thursday cooler.

THIS DAY IN HISTORY.

- 1498—The famous bull issued by Pope Alexander VI giving nearly all America to Spain.
- 1740—Ellis Boudinet, American soldier and statesman, born in Philadelphia; died 1821.
- 1754—Robert Hall, famous and eloquent Baptist preacher, born in Leicester, Mass.; died 1831.
- 1813—Last battle of Lutetia; Bonaparte defeated Russians, De Musset, and Prussians.
- 1837—Alfred de Musset, French poet, died at Paris; born 1812. A French reviewer says of De Musset, "None of his illustrious contemporaries has surpassed him in spontaneity of poetic genius, in the ardor and sincere expression of passion, in vivacity, grace and éclat of soul." Among his finest works are four poems, entitled "The Nights." They describe night in the months of May, August, October and December.
- 1890—General Henri Francois Xavier Gresly, soldier and statesman, died in Paris; born 1839.
- 1897—Trinity church, New York city, celebrated its two hundredth anniversary.
- 1899—General Lawton's forces captured Balang from the Philippines.

SPOONER FOR PRESIDENT.

Senator Spooner's work is the subject of much comment at Washington and the Wisconsin man is one of the recognized leaders of the upper branch of congress. Eastern papers are lavish in their praise and his speeches always draw throngs of people to the senate chamber.

No senator enjoys a more enviable reputation for statesmanship and the Badger state is honored because of his talents. In this connection the following dispatch written by William B. Curtis, the Washington correspondent of The Chicago Record, is of interest:

Representative Jenkins announces that four years from now Wisconsin will offer a candidate for president to the Republican national convention in the person of Senator Spooner:

"There is not a large quantity of presidential timber known to the people in the nation today," Representative Jenkins said, "and I know of no man in public life who possesses the absolute qualifications for that high office or who is so well known to the nation as Senator Spooner, and if he would allow the use of his name I haven't any question that a strong effort would be made to nominate him for vice president at Philadelphia."

A KNOCK-DOWN ARGUMENT.

One of the most conclusive arguments in favor of returning to the free soup or sure starvation system that was the rule a few years ago that we have seen is offered by the Fond du Lac Reporter, a leading democratic paper. The Reporter says:

The republican press allows no opportunity to escape to tell the people that \$300,000 of gifts for educational and charitable purposes has been made during the past decade, and that a large majority of this fund has been donated during the past two years. They would make the people believe that the country is full of altruistic sentiment and patriotic impulse. They do not tell the people that the bulk of these gifts have come from men who have been allowed to secure their wealth through an industrial system which McKinley fosters and which has caused thousands upon thousands of American people to be robbed. The millions of dollars which found their way into the hands of the heads of these gigantic corporations have come from the poor people, and the poor people receive no credit for their liberality. They will continue to endow the educational and charitable institutions of this country just so long as they continue the present administration party in power.

The Reporter leaves nothing more to be said. "The 'poor people' should be put on free soup at once, and denied a chance to earn a living, in order that democracy may rule. Prosperity is an exceedingly bad thing for the country, and should be done away with."

Congressman Cooper is making a splendid record. Now that he has the opportunity, he is showing what kind of stuff he is made of, and that he possesses the quality of statesmanship has been repeatedly demonstrated. His strength is clearly shown by the events of the past few weeks, notable examples being the two signal victories won in the Porto Rico matter. First, he convinced a majority of the members of the Insular committee that the changes he advocated were for the better, and later he converted congress. As the result, both houses have agreed to the changes he recommended, and the Cooper bill, will become a law.

Billy Mason "has received a message from home." The republicans of the Twelfth Illinois congressional district endorsed McKinley, Tanner, Cullom, and Cannon, but ignored Little Billy altogether.

Admiral Dewey owns Chicago these days, but Democratic Dewey doesn't even own Captain Streeter's sand dunes.

Automobiles valued at \$50,000 were shipped to the Hawaiian Islands from Chicago. Evidently our new citizens have gotten by the plug hat and red

annel shirt stage, although some papers would have us believe that the island was undesirable property, peopled by savages.

The Madison Democrat has made a startling discovery, and gives the information to the world in this paragraph:

The republican newspapers in Wisconsin are doing their best to divide and disrupt their party. If they fail it will simply attest their lack of influence.

Admiral Dewey refused to discuss politics during his Chicago visit, declining to even say "you may fire when you are ready, Bryan."

A grand jury is investigating the labor troubles at Chicago, and indictments will doubtless be returned in several cases.

The flock of a thousand crows that attacked a Michigan farmer and inflicted painful injuries probably did not do so without cause.

The fact that foreigners are lobbying against the shipping bill does not weaken the measure in the eyes of the people.

Fight the damage suits, but fix up the sidewalks. The two evils go hand in hand.

Eva Motion Married.

New York, May 2.—Miss Eva Livingston Morton, daughter of Mr. and Mrs. Levi P. Morton, was married at noon in Grace church to William Corcoran Eustis, son of the late Senator Eustis of Louisiana, and grandson of the late Chief Justice George Eustis of Louisiana. Invitations for the ceremony were sent to neighboring cities, to New Orleans, and abroad, and many persons in diplomatic and official prominence were among the invited guests.

To Observe Eclipses.

Thomaston, Ga., May 2.—Prof. W. W. Campbell and Assistant Astronomer D. S. Perine of Lick observatory arrived here last evening. Today they will look for a suitable place to locate headquarters for their instruments, which will be used in observing the eclipse May 28.

Manufactures in the South.

Today the south has \$1,000,000,000 invested in manufacturing, with an annual output valued at \$1,500,000,000, and paying \$350,000,000 in wages. Its cotton mills, with 5,000,000 spindles, representing an investment of \$125,000,000, already consume yearly 1,400,000 bales of cotton. It is producing about 2,500,000 tons of pigiron a year, 40,000,000 tons of coal, from 10,000,000 to 11,000,000 bales of cotton, probably 10,000,000,000 feet of lumber and 750,000,000 bushels of grain, and its railroads, steadily improving and increasing in length, have already a 50,000 mileage.

New Teeth.

With her second childhood Adella Woodfin, a colored woman of Jeffersonville, aged 75, is cutting a new set of teeth. For years Mrs. Woodfin has been toothless and unable to eat solid food, but large jaw teeth have appeared and evidences of a full set are apparent. She is a little woman, of the ante-bellum days, who has been earning a living mending cement sacks, and she is convinced that the cement dust which she has inhaled has been responsible for the new teeth.—Louisville Commercial.

The finest genuine head lettuce, nine cents at Dedrick Bros.

Jackson & Jackson, Attorneys.

STATE OF WISCONSIN.—In the Circuit Court for Rock County.—In the Matter of the Application of the Janesville and Southern Railway Company for the appointment of a receiver to take possession of the property of said Railway Company.

To George H. Smith, Anna B. Baker, Frederick A. Smith, Clement B. Baker, Hannah Arguette, John Arguette, Mary Arguette, E. G. Edwards, F. E. Field, F. E. Field, E. G. Field, Charles L. Field, Michael Field, Charles L. Valentine, as executor of the estate under the will of Richard O'Donnell, deceased, Bridget O'Donnell, John O'Donnell, Katherine O'Donnell, William O'Donnell, Frederick O'Donnell, Fanny O'Donnell, Mary Ellen O'Donnell, James O'Donnell, Margaret O'Donnell and the Janesville Cotton Mills, and to all persons interested in the lands described or mentioned in said petition:

You will please take notice that a petition was filed in the office of the Clerk of the Circuit Court for Rock County, in the state of Wisconsin, on the second day of May, 1900, by the Janesville and Southern Railway Company, praying for the appointment of three commissioners to ascertain and appraise the compensation to be made to the owners of persons or property in the real estate therein described and determined to be necessary to be taken, and to ascertain and determine the value of each of such tracts or parcels of land proposed to be taken, with the improvement thereon, and of each separate estate therein and the damages sustained by the owners by reason of the taking thereof and fix the amount of the compensation to be made to each of such owners in the manner required by law, and that said petition will be heard by the Circuit Court for Rock County, at the court house in the city of Janesville, in said county, on the fifth day of May, A. D. 1900, at nine o'clock in the forenoon or as soon thereafter as counsel can be heard. The following is a general description of the lands described in said petition:

Lot number seven (7), in block number twenty-nine (29) in Smith's addition to Janesville, Wisconsin; lot number six (6) in block number twenty-two (22) in said Smith's addition; lot number two (2) in block number twenty-five (25) in said Smith's addition; lots forty-two (42), forty-three (43), the east half of lot number thirty-four (34) and forty-five (45) and lots thirty-five (35) and thirty-six (36) in Miller's addition to Janesville; lot number one hundred and thirty-eight (138) in said Miller's addition; Janesville strip of land one hundred and forty feet in width over and across the race banks and race of the Monterey water power from the northerly side of the northerly bank of the race of said Monterey water power to Rock river, being a strip of land seventy feet in width on each side of the center line of the proposed railroad of the said Janesville and Southern Railway Company as now located and staked out across said race bank, race and lands; also a strip of land one hundred feet in width being a strip of land fifty feet in width on each side of the center line of said proposed railroad as the same is located and staked out across that piece or parcel of land in said city of Janesville bounded on the north by Rock river, on the east by Center avenue, on the south by First street and on the west by the right of way of the Chicago and Northwestern Railway Company.

JACKSON & JACKSON, Attorneys for Janesville and Southeastern Railway Company.

MANY DENTISTS HERE IN ANNUAL SESSION

FIFTY VISITORS ARRIVED IN
TOWN DURING THE DAY.

Session Being Held at East Side Odd
Fellows' Hall.—Banquet Takes
Place This Evening at the Grand
Hotel.—Interesting Clinics Take
Place.—Good Time Shown Visitors.

From different portions of Wisconsin
in the neighborhood of fifty dentists
arrived in the city today to attend the
sixth annual session of the Southern
Wisconsin Dental association. The pro-
gram opened this morning at East Side
Odd Fellows hall; The sessions will last
three days. This evening at the Grand
Hotel a banquet will be held.

Cloudy weather greeted the visitors this
morning, but at noon the clouds cleared
away and the sun shone brightly. At
11 o'clock this morning the session
opened by the meeting of the executive
committee, who met for preliminary
business. The board of censors also
met to consider applications for mem-
bership. This afternoon the session was
well attended. The reports of the dif-
ferent committees were read and mis-
cellaneous business transacted.

F. S. Knapp, president of the associa-
tion residing at Platteville, was on the
program for an address his subject be-
ing, "The Ideal Professional Man."

C. S. Bradley of Beloit, was on the
program his topic being "A Retaining
Appliance for the Lower Anterior Teeth
Adaptable for Bridge Work." Others
on the program were C. J. Lyons, Brod-
head, and G. W. Snyder, Baraboo.

The local committee have neglected
nothing in the way of a good time for
the visitors during their stay in Janes-
ville. Charles T. Pierce, C. O. Devereaux,
R. B. Powell, L. L. Leslie and R.
J. Hart were busily engaged in making
preparations this morning.

Program for Tomorrow

The following is the program for to-
morrow:

9 A. M. Clinics.
1 P. M. Roll call.

The following is the work which is
outlined for the morning sessions in
clinics, some of the work being illus-
trated with patients:

Work of the Morning Sessions
Removal of live pulp with cocaine and car-
bolic acid, and immediate root filling—C. W.
Bennett, Monroe.
Porcelain work, using electric furnace; also
will remove live nerve make and set a crown
in one sitting—N. M. Richardson, Chicago.
Porcelain crown and bridge work—M. Hols-
apple, Janesville.
Talk and explanation of pulp chamber paste
and the successful mummifying of pulps—C. S.
Kellough, Chicago.
Drilling cavities in porcelain with steel drills
instead of diamond drill—H. P. Faur, Delavan.
The aniline test for porosity of cement—R.
J. Hart, Janesville.
T. M. Welch, Waukegan, and A. G. Gropper, Mil-
waukee, will announce the subjects of their
demonstrations and R. J. Weckner, Watertown,
will illustrate the distortion of the features of
the face due to mal position of teeth.

THE ANNUAL ENTERTAINMENT

Of the Ladies' Aid Society of the Bap-
tist Church.

Consider yourself cordially invited to
be present at a correctly constructed
and considerably combined Calico Car-
nival to be held in the parlors of the
Baptist church, Friday evening, May 4,
1900. The admission fee will be twenty
five cents and will entitle you to the
following:

Conspicuous courses served in confused com-
plicated confusion.
Carefully cooked sizzling cochon.
Common cooked crisped chips.
One cider cured cucumber.
One conglomeration of circle.
One cup of communicative cordial (contain-
ing no caloric).
One coral compound.
One chunk of esthetic comfort.
One cup Chinese cheer with cocoanut.
Chocolate and common cake.

P. S.—During the carnival the old-
time songs will be sung by a chorus
conducted by Prof. J. C. Cook.
Old time recitations will cheer the
company.

A committee consisting of members of
the society will convene in a conspicu-
ous corner and receive congratulations.
They will consider it a compliment if all
guests will call.

N. B.—There will be for sale, cheap,
cunning, calico conveniences, containing
candied and salted corn and crystallized
crushed cane carefully cooked by Sisters
Conrad, Campbell, Chapman, Childs and
Conger.

Conclusive program—Comical carols
and collected calico conversation.

Plants: Plants:

It is time for starting gardens and
window boxes. We call your attention
to our very fine line lot of geraniums
and bedding plants, all handsome, well
rooted, healthy stock, ready to grow
without coaxing. Long & Hodson, Linn
street green house.

Hox. and Mrs. H. A. Patterson entertain-
ed a few friends last evening at their
Milton avenue home in honor of Mr.
and Mrs. F. D. Hogoboom, who soon
take their departure for New York City,
where they intend to reside. The even-
ing was most pleasantly spent.

Mush and Cream.
Pork Steak. Baked Potatoes.
Grissin Wallies. Fruit Syrup.
Brown Bread Toast.

LUNCHEON.

Lamb Chops.
Potato Salad.
Waters.
Ginger Ale.

DINNER.

Beef Tea in Cups.
Radishes. Salted Peanuts. Celery.
Venison Steak. Baked Sweet Potatoes.
Spinach. Preserved Plums.
Chocolate Layer Cake.
Fruit. Nuts.
Demi Tasse.

CHOCOLATE LAYER CAKE.—Whip one
cup of butter and one cup of granulated
sugar to a cream. Allow 15 minutes for this
operation, add two eggs and whip again for
five minutes. The secret of successful cake
making is in the beating. Add two cups of
flour, two teaspoonsful of baking powder,
half a teaspoonful of salt and one cup of
lukewarm milk and water mixed; then add
half a teaspoonful of vanilla extract. The
dough should be of a running consistency.
Pour into shallow tins and bake in a quick
oven 15 minutes. Beat the whites of two
eggs to a stiff froth, add gradually two ta-
blespoonfuls of powdered sugar and beat
until it will stand alone. Add half a cake of
chocolate previously melted over hot water,
beating all the while. Pour half of the
filling over one of the cakes, place the other
cake on top of this and pour the remaining
chocolate over the top. It is then ready.

BOLD THIEVES ROB THE WOLFE FAMILY

STEAL TWENTY-FIVE DOLLARS
FROM COAT POCKET.

Gained Entrance by Raising Window in
the Dining Room Which the Family
Had Neglected to Fasten—Made
Good Their Escape—Police Are
Puzzled as to the Guilty Parties.

Early yesterday morning or late Mon-
day night burglars entered the residence
of A. A. Wolfe, corner of Elizabeth and
Pearl streets.

For their trouble they secured \$25 in
cash that was in a pocketbook in Mr.
Wolfe's coat. The thieves gained en-
trance by lifting the dining room win-
dow and through the same window they
made their exit, leaving no clue be-
hind.

At 11 o'clock Monday night members
of the family retired for the night. Mr.
and Mrs. Wolfe occupy a bedroom on
the first floor. Before retiring Mr.
Wolfe left his coat on a chair in the din-
ing room which is not more than ten
feet from the bedroom in which they
sleep. In the inside coat pocket he had
placed \$25 in bills. This money Mr.
Wolfe collected during the day from Mr.
Hammerlund who runs the Riverview
Park grocery store.

The window through which the thieves
entered was not fastened. After gaining
entrance to the house apparently they
never left the dining room. After tak-
ing the pocketbook from Mr. Wolfe's
coat they took only the money, leaving
scattered about the room papers that
they found to belong to no account to them.

Mr. Wolfe is traveling salesman for
the John A. Tolman Grocery of Chicago
and is a popular commercial traveler.

Chief of Police Hogan stated this
morning when informed by a Gazette
representative that that was the first he
knew of the burglary.

Monday night burglars tried to gain
admittance to the First ward homes of
W. T. Shearer, Mrs. Annie Clark and
Edwin Banfield. The police are of the
opinion that these thieves are the same
parties who entered the Wolfe residence.

WILLIAM VAN KIRK FAILS AT MADISON

EASTERN WHOLESALE FIRM
ARE THE CREDITORS.

Former Well Known Janesville Boy and
the Son of Captain Van Kirk—Oper-
ated a Tea Store in the Capital City
During the Past Three Years—
Well Known in Janesville.

William C. Van Kirk who went to
Madison from Janesville three years ago
and opened the Ceylon Tea store, yester-
day filed a voluntary petition in
bankruptcy in the Federal court at
Madison. His liabilities are \$2,257.52
and assets \$1,453.70. The creditors are
principally Eastern wholesale firms.

Mr. Van Kirk is the eldest son of
Captain W. T. Van Kirk of this city.
Many friends in this city will regret his
misfortune.

A NEW ENTERPRISE FOR JANESVILLE

Chas. A. Sanborn and A. Lawson in-
corporate a Wholesale Gro-
cery Company.

The Janesville Wholesale Grocery
Company was incorporated under the
laws of Wisconsin today by Chas. A.
Sanborn and A. Lawson, both of this
city. Papers were filed with the Regis-
ter of Deeds.

Chas. A. Sanborn has been in the re-
tail grocery business for twenty-two
years and is considered one of the bright-
est and best posted grocery men in the
state of Wisconsin. He sold his retail
business about eight months ago to
Dedrick Bros.

Mr. Lawson has been connected with
the wholesale grocery house of Reid,
Murdoch & Co. of Chicago for twenty
years and is considered by his competi-
tors as being an expert in everything
pertaining to the grocery business.

He has made his home in this city for
the past year, and has covered Southern
Wisconsin and a portion of Northern
Illinois for Reid, Murdoch & Co.

A flattering offer has been made the
gentlemen who have promoted this busi-
ness to locate in a western city, but
their having property interests in this
city and having resided here so long a
time has had considerable to do with
their deciding to locate the enterprise
here.

The field for such a business is very
good here, and with the gentlemen who
are in control the Janesville Wholesale
Grocery Co's future is already success-
fully established.

This being a local enterprise the gro-
cery men of the city will have better
facilities for securing goods than hereto-
fore. The new concern will buy direct
from the manufacturers and will be able
to save the local merchants freight, cart-
age and exchange which amounts to a
considerable in a year's time.

The building, occupied by the new
company is located at the corner of Wall
and Franklin street, a two story brick
structure, in addition to this another
part will be built on very shortly, three
story and basement which will give the
new company 15000 square feet of
floor space.

If you want to know where your
money will buy to the best advantage
just investigate at our prices on summer
underwear. Traces in our large ad will
give you some idea. Bort, Bailey & Co

POLICE ARREST ABBIE HOLLORAN

Mrs. Parks, a Neighbor, Makes the
Complaint—Thrilling Scenes En-
acted in the Court.

Mrs. Abbie Holloran, wife of Michael
Holloran, No. 9 North Fifth street, was
placed under arrest this morning by
Chief Hogan and Officer Brown on the
charge of assault and battery. Mrs.
Margaret Parks, a neighbor, is the com-
plaining witness. Mrs. Parks alleges
that she was roughly handled by Mrs.
Holloran during a heated argument.

This afternoon at three o'clock Mrs.
Holloran appeared in court and demand-
ed a jury trial. When arraigned before
the court she said:

"Your Honor I am not guilty of any
offense. True it is that I struck this
woman three times with a bushel basket.
Would you not have done the same
under the circumstances? She set two
dogs on me. I can claim and prove it
to God that I had a good right to act
as I did. No one in an insane asylum
would make such an assault as she did
on me."

"It is my duty to prove before God
that I acted in the right. She told me
that the judge was an A. P. A. and that
he would side with her. I want a jury
trial and I will get my lawyer and stand
trial."

The case was adjourned till tomorrow
morning at 10 o'clock. Afterwards
Mrs. Parks withdrew her complaint and
the case was dismissed.

DR. G. V. I. BROWN WILL LECTURE HERE

Public Cordially Invited to Hear This
Eminent Speaker At the High
School Tomorrow Evening.

Dr. G. V. I. Brown of Milwaukee,
will lecture at the High School building
tomorrow evening at 8 o'clock under the
auspices of the Southern Wisconsin
Dental association. The public is
cordially invited and the admission will
be free. Dr. Brown will take for his
subject: "The Disinfection of Mouths
of School Children."

The lecture will be illustrated with
lantern slides. The physicians of the
city as well as all residents and especially
fathers and mothers are most cordially
invited to attend. Dr. Brown is a most
entertaining speaker. He is dean of the
dental department of the Milwaukee
Medical College.

LANDLORD GUMS RENTS THE WINDSOR

Leases Hotel at the Corner of Main and
North First Streets For a
Five Year Term.

Charles L. Gums, landlord of the
Franklin hotel, has leased the Windsor
hotel, corner Main and North First
streets, for a term of five years.

Mr. Gums for the past three years
has ably conducted the Franklin hotel
and is a competent man in the hotel
business. No definite arrangements
have as yet been made as to who will
assume charge of the Franklin hotel.

The Windsor will be newly furnished
throughout. T. P. Burns and J. H.
Burns of this city are owners of the
Windsor.

John L. Burns.

Beloit, Wis., May 2.—[Special]—
Word was received here last evening
from Cleveland, Ohio, announcing the
death of James L. Burne, formerly of
this city. He is twenty-one years of
age and his father and three sisters re-
side in this city. The cause of his death
as yet is not known. The bereaved
family have the sympathy of a host of
friends.

WELCH SENTENCED TO STATE PRISON

STOLE VALUABLE OVERCOAT
FROM PASSENGER COACH.

Was Arrested With the Coat in His
Possession—Was the Property of
Traveling Man From the State of
Maine—Stated in Court This Morn-
ing That He Was Intoxicated.

George Welch pleaded guilty in the
Municipal court of Rock county this
morning to the charge of larceny and
was sentenced to one year in the state
prison at Waupun.

Welch stole an overcoat last week
from E. M. Hutchinson, a traveling
salesman of Readfield, Maine. The
theft took place from a passenger
coach in the local yards of the Chicago,
Milwaukee & St. Paul railroad company.

GREAT BATTLE IS AT HAND.

Boer Force Near Thaba 'Nchu Is
Awaiting an Attack.

BESIEGED MEN EAT LOCUSTS.

Gen. French Has at Least 15,000 Men,
the Boers 6,000—British Reconnoiter-
ing Party Falls Into the Hands of
the Dutch—Col. Plumer Advancing.

London, May 2.—Fighting, heavier than any since Ladysmith, seems to be imminent near Thaba 'Nchu. The dispatches of Lord Roberts dated Monday and Tuesday show that the Boer rear guard, stubbornly resisting his advance, forced the British on Saturday and Sunday to act chiefly on the defensive. Gen. French, who is directing the operations, has at least 15,000 men. Some estimates give him 30,000. The Boers are estimated to be at least 6,000 strong and possibly 10,000. According to a dispatch from Pretoria dated April 28 they were expecting to give battle and have numerous artillery. So long as the Boers engage the attention of half of Lord Roberts' force at Thaba 'Nchu his advance toward Pretoria will be delayed. No one here, however, considers that Gen. Botha will be able to stand longer than a few days. The feeling is that he must be beaten off by the masses of Lord Roberts. A dispatch, dated Ladysmith, May 1, says: "There is renewed activity among the Boers on this side of the Drakensberg mountains. Preparations here to check an advance are complete." The Boers attacked the British outposts at Boshof, the headquarters of Lord Methuen, on April 28, but without result. The British guns at Warrenton shelled the Boers out of their half-constructed trenches Sunday. A British reconnoitering party fell into the hands of the Boers near Windsorton.

The German steamer Koenig on April 22 landed a quantity of war material for the Boers at Beira and embarked a quantity of Transvaal wool. Lord Lansdowne, replying in the House of Lords Monday to a question regarding warm clothing for the troops, read this dispatch from Lord Roberts: "There is no necessity to appeal for warm clothing. Some corps have received more than they require and all will be amply provided for as soon as the numerous cases of clothing and comforts of various descriptions can be brought here from the base." According to a dispatch from Lourenco Marques there are 1,000 British regiments yet remaining in the Transvaal, but they are to be expelled immediately. A native runner got through from Mafeking to Ootsi, sixty-one miles north, on April 22, with dispatches for nearly all the London dailies. That to the Morning Post says: "We can stick it out for two months or more. Nobody minds." Col. Plumer, who appears to have been re-enforced lately by more Rhodesians, seems to be advancing again. A dispatch to the Times from Mafeking, dated April 20, says: "A side light is thrown upon the hungry condition of the garrison by the fact that the united efforts of the whites and natives have recently been devoted to catching a swarm of locusts which passed over the town."

BOERS MAY PEN METHUEN.

British Garrison at Warrenton Is
Threatened.

London, May 2.—The Boers are now showing uncommon activity west of Bloemfontein. They are in force between Fourteen Streams and Kimberley. On Sunday they occupied Windsorton, west of the railway, and now threaten to interrupt the communication of the British forces at Warrenton, to the north. This, too, at a time when Col. Hunter is about to start on a 200-mile march to Mafeking, probably with 5,000 men. To the east of Bloemfontein the Boers Sunday night were still holding the hills near Thabanchu, while behind them long wagon trains, loaded with wheat for the Boer army in the north, are moving through Ladybrand.

The British captured one Boer convey Saturday, but its size is not mentioned in the dispatch, which barely announces the fact. Wepener, lately the scene of incessant fighting, is deserted. Gen. Brabant and Col. Dalgety having moved northward. A dispatch from Maseru, dated Monday, says: "The Basutos are a second time astounded to see the Boers peacefully retiring with herds which the native think should be the booty of the British, who are said to be the conquerors." According to information from Maseru, the main body of the Boers reached Leenw river, due west of Ladybrand, Sunday, small parties trailing behind at intervals of ten miles to protect the rear and whip up the herds.

Slight outpost actions take place daily beyond Karee siding, where the head of the British invasion is cantoned. African horse sickness has broken out in Gen. Buller's army. It proves especially fatal among freshly arrived animals. The Bloemfontein correspondents point out that the deficiencies in the veterinary department cause thousands of losses. Gen. Lucas Meyer, replying to Gen. Buller's complaint that some of the British prisoners at Pretoria are lodged in the town jail, says that only those are so treated who have tried or who are suspected of trying to escape. He retorts, moreover, that Boer prisoners are confined in the town jail at Pietermaritzburg with natives.

The morning papers give special prominence to the statement of a news agency that Sir Redvers Buller sent

his resignation to Lord Roberts after the Spionkop censures were published and that Lord Roberts declined to accept it. The war special today consists chiefly of detached scraps, the favorite introduction of the military commentators and editorial writers being that as only scant news has been wired something big is probably about to happen.

The Daily Chronicle's expert says: "If a solid victory is to be attained the British must have different leadership from what has been displayed in the Dewetsdorp operations."

Advices from Pretoria under yesterday's date, say:

"As a sequel to the Johannesburg explosion the government has ordered British subjects, with a few exceptions, to leave the republic within forty-eight hours."

"Nearly £4,000 has been subscribed for the relief of the victims."

"Commandant Schatt has been relieved of the military command at Johannesburg and has gone on commando."

CENSURE FOR CAPT. CHADWICK

That Will Be His Punishment for Criticizing Admiral Schley.

New York, May 2.—A special to the Herald from Washington says that Secretary Long will formally reprimand Capt. F. E. Chadwick for his recent criticisms of Rear Admiral W. S. Schley. This will probably be the extent of the department's action. Capt. Chadwick's excellent record and the frankness with which he acknowledges the offense, while at the same time disclaiming responsibility for it, have favorably impressed the department. Friends of Rear Admiral Schley desire that Capt. Chadwick be court-martialed, especially as he has told the department that the interview in which he was quoted as criticizing the real admiral was correct. They have pointed out that the department has taken severe action in much less flagrant cases. Capt. Chadwick, besides his written statement, made an oral explanation of his conduct. He admitted that he had criticized Rear Admiral Schley, but said the statements he made expressed his personal views and he had no intention of making them public through the press. He charges that a breach of faith was committed when he was quoted. Secretary Long looks upon the Chadwick matter as similar in some respects to the case of Capt. Coghlan, who was reprimanded for his criticisms of the German emperor. Many officers, however, point out that the departments accused Rear Admiral Schley of reprehensible conduct in a communication to congress, and as Capt. Chadwick substantially reiterated this statement in a personal conversation they do not see how he can be severely punished.

You Try It

If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cents, 50 cents and \$1, does not cure take the bottle back and we will refund your money. Sold for over fifty years on this guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

WINE OF CARDUI**WOMEN WHO WORK.**

St. Louis, Mo., Aug. 12.
Though only 19 years old, I suffered from
pains and female troubles two years. Last
spring I got so bad I had to quit work. I had
to support myself, and could not afford a high-
priced doctor. I got one bottle of Wine of
Cardui and that made me feel better. Have
now used several bottles and am well. My
mother used the Wine for Change of Life and
was greatly relieved.

MISS MARGARET WALSH.

Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tiresome tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

LADIES' ADVISORY DEPARTMENT.
For advice in cases requiring special
directions, address, giving symptoms,
ladies' sanitary help, The CHAFETZ-KOHL
MEDICINE CO., Clanton, Tenn.

Druggists sell Large Bottles for \$1.00.

Armory Block.

WHY ROAST

These warm days? It is folly to heat yourself up over a stove, when you can get such home-made delicacies as

Boston Ideal Fried Cakes

at your door.

10 CENTS A DOZEN.

or order them by 'Phone from your grocer:

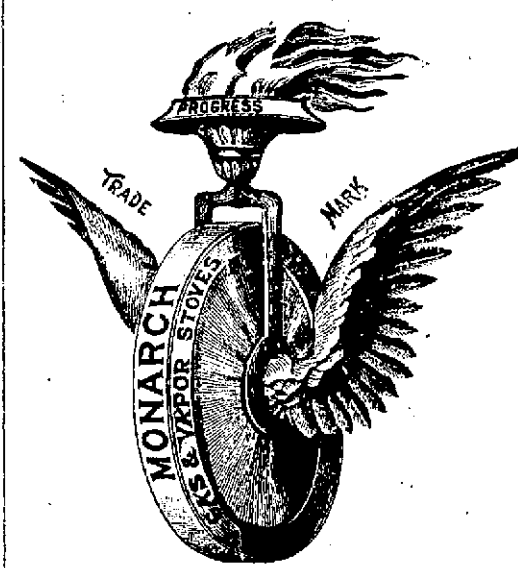

Be Sure They Are Hockett's

None others are good.

EUREKA BAKERY.

GEO. HOCKETT & SON, Prop.

Factory, rear of postoffice. Store, 107 W. Milwaukee St. 'Phone, 173.

Monarch Wickless Oil**Stoves.****A
Smokeless
Blue Flame**

This invention embodies in a large measure the principle of the Evaporating Gasoline Burner. The oil dripping into a tube leading to an open ring at the bottom of the burner cylinder, when ignited burns up between the two perforated chimneys, becoming so impregnated with air as to produce a Smokeless Blue Flame similar to that from a gasoline burner. No complicated mechanism is involved in its construction; it is as easily operated and as easily comprehended as an ordinary lamp. A child five years old can use it—no danger; cannot explode.

Trading Stamps on all Purchases, and 10 Per Cent. Discount on all goods.

Granite and Tinware. EXPERT BICYCLE REPAIRER—Burt Billings will take care of your wheel.
